**THE INTELLECTUAL ROLE.**  
She, as a show girl, was sublime,  
Had beauty and had grace,  
Of course she spent a lot of time  
In making up her face.

She's in an Ibsen show today,  
Has left the past behind;  
And spends an hour before the play  
In making up her mind.

### WE ARE GOING TO GIVE TO THE HOLDER OF THE LUCKY TICKET A CHRISTMAS GIFT OF A VICTOR VICTROLA!

The finest talking and singing machine in the world. This magnificent machine de luxe does not look like a talking machine. It has no horn and combines a record cabinet within its beautiful mahogany case. It will be a delight in any household. President Taft and ex-President Roosevelt both purchased Victrolas for entertainment at the White House. It is the leading feature at the Sinton Hotel, Cincinnati, during dinner hours, and from personal observation we know it draws hundreds of people each evening. A number of records we give with the machine will be solos, duets and quartettes, rendered by the greatest artists the world knows, namely, Caruso, Campanari, Melba, Sembrich, Scotti, Plancon and a number of other great artists. The greatest record to date the Victor people recently produced is the Lucia Sextette, notably the finest concerted song known. It is rendered by Sembrich, Severina, Caruso, Scotti, Journet and Daddi. There are also a number of renditions comprising the latest songs, both sentimental and humorous. All who have bought goods since February 1st are entitled to tickets; please call for them. Until we receive ours, which will be in the next few days, a duplicate of the machine can be seen at Brisbois & Diener's Furniture Store. Yours very truly,

Multiply eighteen thousand by sixty and you will find the number of single drinks the seventy-two thousand bottles contained—enough to make every man, woman and child in Mason county dizzy-headed, and then some.
